

Новые книги, полученные в дар ЦЭИ

В 2001 г. по инициативе ЦЭИ в Звенигороде была проведена Международная конференция «Советская экономика в 1930-х — 1970-х гг.: взгляд из XXI века». В ходе конференции один из ее участников, известный специалист по истории советской экономики, профессор Rutgers University (США), главный редактор «Comparative Economics» Роберт Стюарт проявил интерес к исследованиям ЦЭИ в области экономической истории России и СССР, нашим информационным ресурсам и библиотеке Центра. В начале 2005 г. в адрес ЦЭИ пришла коллекция книг из личной библиотеки проф. Р. Стюарта, включающая более 200 наименований. Половина из них посвящена различным проблемам истории России и СССР, остальные книги относятся к широкому кругу проблем методологии экономических исследований и экономической истории.

Все эти книги теперь доступны сообществу наших коллег, связанных с деятельностью ЦЭИ. Коллекция Р. Стюарта является дополнением к большой коллекции книг по экономической истории, полученных ЦЭИ в дар от проф. П. Хохенберга в 1997 г.¹

Ниже приводится библиографический список, характеризующий первую часть коллекции книг, полученных ЦЭИ в дар от проф. Р. Стюарта.

ЦЭИ выражает свою глубокую признательность проф. Р. Стюарту.
